

KLAMATH COMMUNITY GARDEN

What: A community garden. The objective is to make garden space available to residents of Klamath Falls for the purpose of growing and cultivating edible crops.

Who: The Klamath Community Garden is open to residents of Klamath Falls. Preference will be given to those that do not currently have access to garden space.

How: Members of the Garden will be assigned a 4' x 20' raised garden bed. Members will be given access to the garden space and will be responsible for all aspects of planting, growing cultivating and harvesting their assigned plot.

Why: To improve the health and well being of local residents. The garden will provide an opportunity for local residents to grow their own food at minimal expense, improving overall health and alleviating hunger. The garden will offer an educational opportunity for members to gain skills that will last a lifetime as well as encourage healthy eating habits and offer an opportunity for increased physical activity.

Where: 320 South 6th Street, Across from The Ledge
